2008 BALD EAGLE COMMEMORATIVE COIN PROGRAM

The Bald Eagle's proud bearing has adorned the Great Seal of the United States since 1782, representing the ideals of courage, spirit, and freedom. This national treasure came perilously close to extinction, but years of legal protection, hard work and vigilance have ensured its survival.

Join the United States Mint in comemorating the remarkable restoration of the Bald Eagle to our Nation's lands, waterways, and skies. The majesty of our national symbol is beautifully captured in this program's five-dollar gold coin, silver dollar, and clad half-dollar. Each coin is available in proof and uncirculated conditions.

Also available is a coin and medal set featuring an uncirculated Bald Eagle Silver Dollar and a bronze Bald Eagle medal from the National Wildlife Refuge System Centennial Medal Series. A young collector's set contains an uncirculated Bald Eagle Half-Dollar and is great for the children in your life.
